February 2012

2011 Service Awards Total 535 Years

Rutherford EMC recently recognized two directors and 27 employees for their service, which totals 535 years. Directors and employees with 30 years or more of service received a plaque, and those with less than 30 years received a certificate based on five-year intervals.

Following are service award recipients who received plaques for their years of service:

Rutherford-Polk District

Jane Hall, 35
Mike Cudd, 30

Burke-McDowell District

Charlie Gibby, 30

Lincoln-Gaston District

Bryan Putnam, 40
Steve Thornsberry and Virgil Shull (director), 30

Following are service award recipients who received certificates for their years of service:

Rutherford-Polk District

Tom Davis, Brenda Freeman, Desi Harris, Joel Jolley and Pam Lindsay, 25
Les Fleming, 20
Brent Harrill and David Stamey (director), 10
Kyle Daves, 5

Burke-McDowell District

Robin Jackson, 25
Jimmy Buckner, 10
John Mull, 5

Lincoln-Gaston District

Kevin Sigmon, 25
A. B. Beam, Joy Dellinger and Tim Hawkins, 20
Lorra Howell and Sandy Swafford, 10
David Bourquardez, Josh Bynum, Sandy Heafner, Mike Little
and Jennifer Randall, 5

*Congratulations to all
our service award recipients!*

Director Joseph N. Quinn (right), of Marion, received a service recognition plaque at Rutherford EMC's November board meeting from General Manager Joe Joplin. The plaque was presented to Mr. Quinn in grateful appreciation for his 20 years of leadership as president of Rutherford EMC's Board of Directors from October 26, 1991 to October 29, 2011. Mr. Quinn looks forward to continue to serve the members of Directorate District Two, consisting of Burke, Caldwell and Mitchell counties, along with his home county of McDowell.

Rutherford EMC Recognized as One of Top 30 Relay for Life Teams in North Carolina

The American Cancer Society recently cited Rutherford EMC as one of the Top 30 North Carolina Relay for Life teams. REMC was recognized for its Relay for Life fundraising during a luncheon on December 9 in Durham, N.C. Four of the Co-op's top fundraising employees for 2011, Shelia Guffey, Karen Black, Betty Byers and David Beam, were present for the recognition.

During the luncheon, Debbie Buchanan, American Cancer Society Community Manager, told the group that REMC's Relay team is among the best out of more than 6,123 Relay teams that currently participate in the North Carolina events. REMC was the top fundraising team in Rutherford County for the 2011 Relay for Life, raising \$21,641. The Relay team has been the top team for the past four years, raising a total \$111,863.

REMC General Manager Joe Joplin said that the Co-op's Relay teams have

been very active over the years. "They have always worked very hard and this shows a lot of commitment on their part. They do a lot of this work on their own," Mr. Joplin said. "It takes a lot of effort for them to accomplish this goal, and I am mighty proud of all of them."

Relay for Life funds are primarily used to fund cancer research, with 933 cancer researchers currently receiving American Cancer Society funding across the nation. The American Cancer Society is a volunteer-driven organization, and it combines resources and talents of thousands of dedicated individuals from all walks of life. To learn more about cancer support programs, or ways that you and your local community can help fight cancer, call 1-800-ACS-2345 (1-800-227-2345).

SWAP SHOP

Rutherford Electric Membership Corporation provides Swap Shop ads as a free service to its members. Guidelines are as follows: Ads are published first-come, first-served. When the 1 1/2 pages allotted for ads are full, the remaining ads will be held over for the next issue. Ads will not be run more than once. Commercial ads will not be accepted. We reserve the right to edit, condense, or deny publication of any advertisement. Rutherford Electric Membership Corp. assumes no responsibility for the content of any advertisement and does not endorse or warrant any of the goods or services so advertised. Please include your account number with your ad.

Mail your ads to: Newsletter Editor, Rutherford EMC, PO Box 1569, Forest City, NC, 28043-1569 or e-mail at gmdaniel@remc.com. **No phone calls please.**

FOR SALE

Firewood - all hardwood (some hickory), cut, split & ready to burn. 74-435-3753 or 704-206-0126.

5 plus acres of mountain land in Collettsville, N.C. (Caldwell County) - on dead-end dirt road, borders U.S. government-owned land, close to Grandfather Mtn., Newland, Linville, Blowing Rock & Boone, good hunting & fishing, \$50,000 OBO. 704-214-1040.

50s, 60s, 70s and 80s Nascar ticket stubs and ticket brochures. 704-685-7251.

Are you wasting your money on DIRT?

Dirty air filters cause a heating and cooling system to work harder and break down faster. That's because unfiltered dust and grime works into critical parts, creating friction that causes unnecessary wear and, eventually, failure.

How does a dirty air filter cost you?

- Reduces air flow in the home, leading to up to 15 percent higher operating costs
- Leads to costly duct cleaning or replacement
- Lowers system efficiency

To avoid these expenses, change filters monthly when your heating and cooling system's in regular use. Discuss cleaning the unit and ductwork with your heating and cooling service professional.

Touchstone Energy Sports Camp Scholarships: Apply Now!

North Carolina's Touchstone Energy cooperatives, including Rutherford EMC, are providing all-expense paid scholarships for 52 young men and women from across the state to attend basketball camps this summer.

Twenty-six girls will be selected to attend the Kellie Harper Wolfpack Basketball Academy at N.C. State in Raleigh, and 26 young men will attend the Roy Williams Carolina Basketball Camp at UNC in Chapel Hill. Each camper will work directly with championship-winning collegiate coaches to develop fundamental skills that will help the young athletes excel both on and off the court. The camps will be held in June on the college campuses.

Rising sixth through eighth graders are eligible to apply, and the cooperatives will accept applications from January 16 to March 30, 2012. Applicants will be judged on their academics, extracurricular activities and accompanying essay. Students who are interested in the scholarship program can find applications/guidelines online by going to Rutherford EMC's website, www.remc.com, or you may contact Denise Gavin at 1-800-521-0920 or 828-245-1621, extension 417, to have a sports camp application mailed to you.

The Touchstone Energy Sports Camps program provides a unique educational and athletic opportunity for outstanding students across our state and is yet another way the cooperatives are demonstrating their commitment to North Carolina communities.

Making Your Home Safe for Inside Play

It may be a little too cold for your children to play outside right now, but restless children who have been cooped up all winter are probably desperate to burn off some energy. It's up to the adults in your household to create a safe place for kids to play inside. Children are fascinated by electronics and the outlets used to power electronic devices, so it's important to include electric safety in your indoor play rules. Share these guidelines with your children so they can play safely indoors.

- If you have young children in the home, make sure every outlet is covered with a safety cap. Safety caps are available at many discount stores, drug stores and even some grocery stores. These caps should be placed in unused outlets so young children can't stick their fingers or other objects into outlets.
- Be sure that older children know to NEVER put anything other than an electric plug into an electric socket. Outlets should be covered until children are mature enough to understand that fingers, pencils, toys and other objects must be kept away.
- Do not allow children to overload outlets or power strips. Plugging too many electrical devices into one outlet or power strip can create a fire hazard. It's important to check outlets and power strips in your children's rooms to make sure they're not overloaded.
- Always unplug electrical appliances and toys when not in use.
- Teach your children to always remove electrical devices from outlets by grasping the plug and not the cord. Tugging or pulling can damage the cords and create a safety hazard.
- Check electrical cords for any damage and wear.
- Arrange cords so that children don't walk on them or pull them.
- Electrical cords are not toys and children should not play with them or allow pets to play with them.
- Never allow children to insert any metal objects into an appliance without first checking to make sure that the appliance is unplugged, for example using a knife to remove food from a toaster.
- Do not use any electrical appliance or device when wet, with wet hands or while standing in water. Ensure that children dry their bodies and hands after taking a bath before touching any electrical items, including hair dryers and light switches. Never take plug-in electrical items, such as a radio, into the bathroom.
- Make sure children keep drinks away from electrical items in case they spill.

By following these safety tips, you can be sure your kids have a fun and safe time playing inside for the rest of the winter.

We're just a **little** better. That makes a **BIG** difference!

Where Did These Folks Go?

Rutherford EMC Has a Capital Credit Check for Them

In December 2008, a general retirement of capital credits was made to Rutherford EMC members who received service during 1985 and 1986. Unfortunately, many of these checks were returned to us by the postal service. If you know any of the folks listed here, please tell them to contact any of our offices so they can claim their refund.

In case, the member is deceased, the legal representative of the estate

should make an application for this check and the full amount of capital credited to that person's account.

Due to limited space, full addresses of unclaimed capital credit checks have not been printed. All towns listed are located in North Carolina unless printed otherwise. Part of the names are printed here, and the remainder of them will be printed in the March newsletter.
